## Overnight Closures on Pacific Coast Highway (State Route 1) for Lane Striping

*At least one lane will remain open in both directions at all times*

MALIBU – The California Department of Transportation (Caltrans) announced plans to close a lane in both directions of Pacific Coast Highway (PCH or State Route 1) this week as crews install new lane striping.

The closures are along an approximately 26-mile stretch of PCH, between the cities of Santa Monica and Malibu.

From **Monday, June 4 to Friday June 8, between 8 p.m. - 6 a.m.**, the following closures will be in place:

- One northbound **AND** southbound lane of PCH, between McClure Tunnel in the city of Santa Monica and Decker Canyon Road (State Route 23) in the city of Malibu.

**At least one lane in each direction will be open at all times.** The closures are weather permitting and subject to change.

All American Asphalt of Corona, Calif. and Cal Stripe, of Colton, Calif. are the contractors.

California drivers will see more traffic safety improvements on freeways and highways as a result of SB 1, the state's new transportation funding. To find transportation projects in Los Angeles and Ventura County that Caltrans and local communities are investing in with SB 1 revenue, visit [rebuildingca.ca.gov/map.html](http://rebuildingca.ca.gov/map.html).

Caltrans reminds drivers to be "Work Zone Alert" and to "Slow for the Cone Zone."
